Att: Judgement of Kingston
Re: Letter of Appreciation

Dear Lubomyr, Bob and Rachel,

Thank you for supporting Martha's Table Community Meal Program through the fabulous event--
"Judgement of Kingston"!

I am so impressed that you were able to continue the fundraiser despite pandemic restrictions. As an attendee (THANK YOU!!) I commend you on keeping everyone safe and exceeding health and safety requirements! I felt very comfortable!

Funds raised from the wine tasting were used to pay for the purchase of a new serving window at the back of our facility. Guests no longer have to line up for meals on the busy main street, and we hope this enhances their experience at Martha's. Volunteers installed the window, so we had some funds left over which we used to purchase enough fish and chicken for one meal of each! What a treat at Martha's; fish and chicken breasts are not something that we are able to serve often!

We just posted some photos of the serving window on our website, and I'll ask our Administrator to send one to your email.

On behalf of everyone at Martha's Table, please accept our sincere appreciation and gratitude for your support! It has been a pleasure working with you in support of the community.

Thank you,

Ronda Candy
Executive Director
